Copyright © 2013 by Donald L. Potter

## **Note from Internet Publisher: Donald L. Potter**

December 10, 2013

These cards have been produced to help make certain that all the A Beka Book first-grade students learn to spell all the words, not just for the Friday spelling test - but for a lifetime. The last day of school, all first graders should be able to spell ALL of the words for the year accurately and without hesitation.

A Beka Book is the world's leader in effective traditional curriculum design. Every subject is tightly integrated with the reading, spelling, and handwriting. Every aspect of the program reinforces every other aspect. **It is a great mistake to slight the spelling program.**

Permission is hereby granted for non-commercial reproduction for educational purposes. Just cut out the cards and laminate them.

So-called sight-words are underlined. Last updated on August 17, 2015 to correspond with the latest edition of the A Beka first-grade program.

## **Endnote from Donald Potter**

The A Beka Book Spelling Cards were created to help children at the Odessa Christian School in Odessa, Texas to master the spelling of all the words for a lifetime through continual (year long) daily review.

They were published on the Odessa Christian School Page of the [www.donpotter.net](http://www.donpotter.net) webs on 12/10/13. They are a free resource for anyone teaching the A Beka Book curriculum. They can be used for any honorable, non-commercial purpose.

On August 13, 2015, Mr. Potter rupdated the cards to agree with the new 2015 A Beka First Grade Curriculum. There were very few changes in the words. I am glad that they have chosen to stay true to their proven phonics-first reading program.
